-  NEW VIDEO TOPPER WITH LED LIGHTING

Win with Arrow!

POPP-OPEN A NEW EXPERIENCE WITH NEVADA GOLD III

The ultra-fast and reliable Nevada Gold® III ticket dispenser is the ultimate pull tab ticket selling tool! When you combine the intuitive, user-friendly features of the NGIII with Arrow's unmatched variety of pull tab games, you'll be able to offer your players a pull tab experience unlike any other!

BIGGER PROFITS, LESS WORKLOAD

With the profit-generating Nevada Gold III, transactions are quick and simple, making it the easiest and most convenient way for players to purchase pull tabs. Plus, there's less reliance on floor workers & volunteers.

FAST, ACCURATE, SECURE, RELIABLE

The lightning-fast Nevada Gold III is capable of dispensing up to 14 tickets per second! But speed isn't the only impressive factor of the NGIII - it's also the most accurate, secure, & reliable dispenser on the market.

PACKED WITH NEW TECHNOLOGY

From the modular design to the enhanced column motor control with automatic ticket advancing, the new and improved, upgraded Nevada Gold III is the most advanced and feature-rich ticket dispenser in the industry.

Nevada Gold ticket dispensers (and/or certain options & features) are not legal in all jurisdictions. Please contact your authorized distributor for more information on how Nevada Gold ticket dispensers can be customized to meet the needs of your specific market(s).

COMBINING THE RELIABILITY OF THE ORIGINAL NEVADA GOLD CLASSIC...

Durable Construction

The heavy-duty steel construction of the Nevada Gold III ticket dispenser is designed, engineered, and manufactured to the most exacting standards.

Gear & Roller System

Nevada Gold's renowned dispensing mechanism uses a belt-free gear and roller system that increases vending reliability and provides greater accuracy.

Modular Columns

Each individual front-loading, quick-release ticket column can be easily removed and/or replaced in just a few seconds without affecting the operation of other columns.

...WITH INNOVATIVE GAME-CHANGING FEATURES AND IMPROVEMENTS!

Enhanced Lighting

Brighter, inward-facing LED lighting for improved visibility and visual impact.

Backup Battery

Allows the NGIII to complete any active transactions in the event of a power loss.

Built-in Lifting Handles

Handles are integrated into each side of the cabinet for balanced weight distribution.

Formatted Reporting

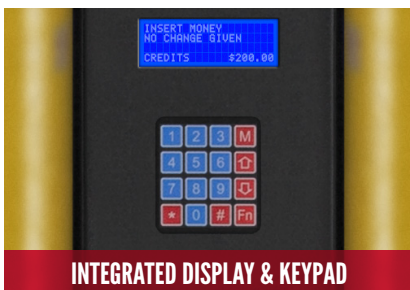

Financial and event reports provide session summaries in a unified print format.

Event Logging

1,500 time-stamped events, including door open/close, dispense results, alarm, etc.

Adjustable Credit Limits

Operators can define the maximum credit limit that can be played, up to \$200.

INTEGRATED DISPLAY & KEYPAD

A bright LCD display offers improved messaging; a new 16-key keypad¹ offers improved menu-driven navigation & provides local PIN sales capabilities.

¹Optional protective keypad cover is included

HIGH-SPEED BILL ACCEPTOR

The high-speed bill acceptor provides validation for \$1, \$5, \$10, \$20, \$50, & \$100 bills. The Nevada Gold III validates bills 10x faster than the original Nevada Gold dispenser.

VIDEO TOPPER DISPLAY

A **NEW** optional 24" video topper display – featuring color-changing LED surround lighting – educates players on pull tabs and promotes ticket sales.

The Nevada Gold® III was developed with feedback from players, venue operators, and distribution partners to deliver the most advanced pull tab ticket dispenser on the market.

STREAMLINE EVERY SALE

- ▶ User-friendly, intuitive operation that reduces staff requirements
- ▶ Tickets are dispensed directly below the column in individual outlets where they can be accessed by the player
- ▶ Flexible pricing per column - 10¢, 25¢, 50¢, \$1, \$2, or \$5 denominations
- ▶ Full-view window allows you to see all tickets, even when only a few remain
- ▶ Brighter, reimagined 'Play All' and 'Play All Multi' dispensing buttons
- ▶ Modern, redesigned illuminated column buttons with interchangeable denomination caps

- 1 Main Door Locks
- 2 Electronics Lock
- 3 Ticket Display Shelf
- 4 Bright Gold Finish
- 5 LCD Menu Display
- 6 16-key Keypad
- 7 Ticket Quantity Label
- 8 Enable/Disable Lock
- 9 Play All Button
- 10 Play All Multi Button
- 11 Full-View Window
- 12 Cash Door Lock
- 13 Ticket Column
- 14 Player Instructions
- 15 Column Buttons
- 16 Bill Acceptor
- 17 Ticket Hopper Door
- 18 Lifting Handles

CUSTOMIZE WITH MULTIPLE OPTIONS, FEATURES, AND CONFIGURATIONS

The Nevada Gold III is equipped with great standard features like the 'Play All' button. Enhance the user experience even further with optional accessories such as the color-changing LED edge lit video topper display!

Depending on the legality of some states, certain features of the Nevada Gold III may not be suited for your venue. We provide several custom configurations so that you can find the model that works best for you.

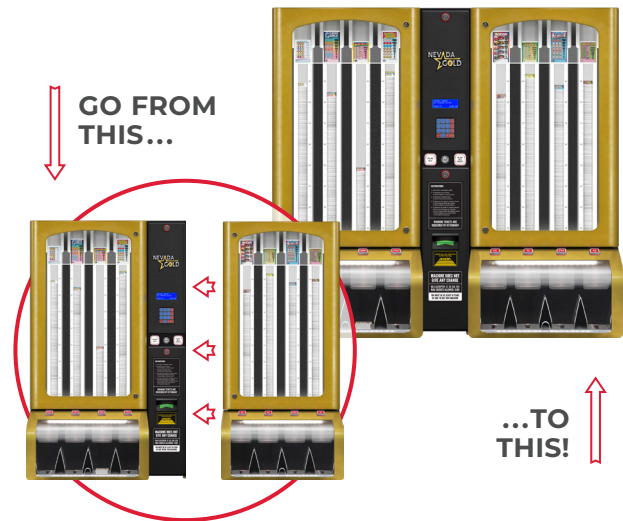

Nevada Gold ticket dispensers (and/or certain options & features) are not legal in all jurisdictions. Please contact your authorized distributor for more information on how Nevada Gold ticket dispensers can be customized to meet the needs of your specific market(s).

DOUBLE YOUR TOTAL TICKET CAPACITY WITH NEW EXPANDABLE COLUMNS!

Nevada Gold III is the only ticket dispenser that can expand to hold up to 8,000 pull tab tickets!

Easily add 4 additional ticket columns to your existing 4-column Nevada Gold® III, increasing the capacity to 8,000 tickets!

- ▶ Eliminates the need to purchase an entirely new machine
- ▶ 4-column expansion can easily be assembled on location

MULTIPLE DISPENSING OPTIONS

We know what really matters in order to attract and entice players, and that's why Nevada Gold III offers so much more than flashing lights. With four convenient ways to vend tickets, players have more flexibility over how to purchase their pull tabs.

Single Dispense

Purchase a single ticket by simply pressing one of the buttons located below each column.

Play All

Press the Play All button, then press any of the column buttons to purchase tickets from the corresponding column with all remaining credits.

Press + Hold

Press and hold any of the column buttons to purchase multiple pull tabs in the corresponding ticket column.

Play All Multi

Press the Play All Multi button, then press any of the column buttons to purchase tickets from all of the ticket columns with the same pricing.

The Nevada Gold III offers dozens of new unique features and capabilities that improve the player experience and reduce service times to provide operators with greater efficiency.

ACCURATE ACCOUNTING

Nevada Gold III's secure & accurate sales recording offers you an easy method of tracking cash and ticket sales, eliminating the need for additional staff.

- ▶ Easy access to accounting functions and sales mode settings
- ▶ Cash and sales totals are permanently stored in electronic memory, even when power has been disconnected
- ▶ Foreign currency display - \$, £, or €
- ▶ Resettable cash accountability by individual dispensing columns
- ▶ Session summaries and formatted financial reporting are included on all models - no "lite" software
- ▶ Settings and configurations can be saved permanently to flash memory
- ▶ Optional printer upgrade kit allows a single printer to generate hard copy reports of accounting information for any number of dispensers

INNOVATIVE SECURITY FEATURES

The innovative security features of the Nevada Gold III are a key aspect to providing a safe and reliable way to offer Arrow's extensive line of pull tab tickets.

- ▶ Separate key entry for ticket restocking and cash/electronics access
- ▶ Enable/disable key can be used to turn the dispenser off during restricted hours, while continuing to log events
- ▶ 3 levels of security (administrator, manager, operator); up to 24 people can be assigned unique passwords
- ▶ Security alarm detects and prevents unauthorized access and theft; can be enabled or disabled for certain events
- ▶ In the event of a power failure, the backup battery allows the system to continue accepting money and dispensing tickets to complete any active transactions; security events logged are retained for up to an additional week

Nevada Gold ticket dispensers (and/or certain options & features) are not legal in all jurisdictions. Please contact your authorized distributor for more information on how Nevada Gold ticket dispensers can be customized to meet the needs of your specific market(s).
